"I recently read about the Patriot's Pantry of Hampton Roads, VA in the Daily Press and was horrified to learn of food shortages affecting my fellow servicemen, servicewomen, and their families. It is my sincere hope that they will benefit from my small monthly donation. Thank you for all that you do to help those in need." – Constance W. U.S. Army Veteran

Dear Mr. Doyle,

On behalf of our Board of Management, staff, and most importantly, the military families we serve, we extend our heartfelt gratitude for your generous support of \$1,455 to the Armed Services YMCA of Hampton Roads.

Your donation will play a crucial role in bolstering our no to low-cost programs specifically designed to assist military junior enlisted households. It will be directed to where it is needed the most, enabling us to fulfill our commitment to the military community. Through contributions and grants, we can raise the essential funds required to sustain our core programs. Our programs reach out to over 13,964 military-connected individuals and provide an impressive 51,911 points of service. This support extends across all five branches of service within Hampton Roads.

Our passion for serving our military families runs deep, and it is the generosity of donors like you that empower us to make a meaningful difference. For more than 160 years, we have remained dedicated to bridging the gap between resources available through the Department of Defense and addressing the most critical needs of our military community. Your support strengthens our ability to provide a "home away from home" for our military families.

Once again, we want to express our sincere appreciation for your generosity. Your contribution makes it possible for us to continue offering vital services to our community. If you have any questions or would like to learn more about how your donation further supports our mission, please do not hesitate to contact me at (757) 363-1884 or email me at lbaxter@asymca.org.

With the utmost gratitude,

Laura Baxter
Executive Director
